SUGAR CANE MACHINERY ARRIVES AT THE PORT OF BELLE GLADE

88 Cane Wagons and four New Loading Machines Arrived Tuesday at Belle Glade as Group of City, County and State Officials Greeted the Coming of A New Era in Water Transportation on Lake Okeechobee. What Ever Became of the Pahokee Dock Built at a Cost of Many Thousands of Dollars and the Harbor For Which the Pahokee City Council Mortgaged Its Cigarette Tax To Build at a Cost of A Quarter Million Dollars.

While city, county and state officials watched from the sidelines, three barges towed by the tug boat "Brahma" docked at the Port of Belle Glade Tuesday noon with cane harvesting machinery for the ever-growing and booming sugar cane industry in the Glades. The first shipment was to be delivered to Osceola Farms, Inc., and was shipped from Jeanerette, La.

The shipment consisted of 88 cane wagons and four cane loading machines. Engineers in charge of the shipment said that \$2400 was saved by bringing the shipment by water instead of by rail. Mathematically they figured there were 400 tons in the shipment and they saved \$6 per ton. Easy arithmetic said that the saving amounted to \$2400.

Billy Burns, chairman of the Port of Palm Beach District Commission, in a brief talk to a group estimated at about 200, said, "This is a happy occasion for the port commissioners and for the City of Belle Glade and the Chamber of Commerce. I am confident that this initial shipment from Louisiana will be the forerunner of many more shipments in the coming months. We are eager to develop more transportation for this area and on account of the economy of barge transportation, we want to make it a thriving enterprise for this area."

Chamber of Commerce President Robert C. Lee, during ceremonies inaugurating the first shipment, said, "There are four more signed, sealed, and delivered contracts for shipments by barge, these to consist of other sugar mill machinery."

Port of Palm Beach Manager Joel Wilcox said almost every new sugar mill in the Glades had expressed interest in barge shipments. Costs to refineries on the Mississippi River and on the east coast are being determined now, he said.

The Caloosahatchee River gives the lake port access to the west coast and the St. Lucie Canal opens it to the east coast.

The President of the Florida Sugar Cane Growers Cooperative, George Wedgworth, said co-op engineers are already making a feasibility study and that the 5,000-ton a day mill is seriously considering

barge shipment.

State Representative Emmett S. Roberts was master of ceremonies for the occasion, and extended a warm welcome to all city, county and state officials in attendance. He gave credit where credit was due to those who had worked to advance the port. Following the short ceremony Mr. Roberts invited those in attendance to partake of a delectable luncheon.

The luncheon consisted of baked beans, cole slaw, bread, cokes, coffee, deliciously barbecued chicken and fresh sweet corn cooked to please the most discriminating. Ray Whitlock of Ray's Smokehouse at South Bay, was in charge of the food and its serving.

A question discussed at the gathering by a couple of men had to do with the fact that Osceola Farms, located five miles east of Canal Point and many miles nearer Pahokee than Belle Glade, used this particular port for receiving their barges loaded with equipment. One on-looker wondered what ever happened to the Pahokee Port where \$50,000 had been spent to build a dock and a quarter-million dollars invested in a breakwater. Before he could be answered on this highly important question, he turned and said, "I think I know the answer, so don't bother to tell me."

Mrs. Ronald Brooker Killed In Auto Wreck

Mrs. Ronald Brooker, 45, was killed in an auto accident on Friday night in Miami. She and Mr. Brooker, former operators of the Pahokee Lumber Company, were residents of Homestead at the time of the accident. They have two sons, Charles and Wilburn and one grandchild.

Burial was made on Tuesday at Naranja, a small city south of Miami. Mrs. Robert Walker of Pahokee and Mrs. James Miller of Canal Point attended the funeral.

Mr. and Mrs. J. C. Harris of Pahokee spent the Thanksgiving holidays with their parents, Mr. and Mrs. Loyd Brackin of Eagle Lake and Mr. and Mrs. I. C. Harrin of Dundee.

More County Roads Cooperative Plan

The county commission this week approved a road building plan which is designed to help handle traffic destined for a new sugar mill now under construction near Belle Glade.

Some three miles of road are involved in the plan presented by Commissioner Paul Rardin. Canal Point in which the Sugar Cane Growers Coop of Florida agreed to share the expense of building the roads.

The new roads run north from Airport Road and eventually will be connected to State Road 15.

County Engineer Steve Middleton told the commission that during a four or five month period each year that a vehicle per minute would be approaching the new sugar mill. This includes the vehicles hauling cane from the fields which will be arriving at two-minute intervals when the mill is in operation.

The coop, according to the plan, will immediately blast and dig enough rock fill to construct the first mile and a half of the new roads. The county later will surface and maintain the highways which will be important links in the county's network of farm to market roads.

The commission also agreed that Duda Road extension, located in the general vicinity of the mill and which is already on the planning boards, will retain number one priority in the county's road building program.

Post Masters Hold District Meeting

The Fourth Dist. of the Florida Chapter of the National Association of Postmasters held their district meeting Sunday, Nov. 19, in Royal Palm Beach with Postmasters Rosa Nash of Belle Glade, Gladys Stalls of Moore Haven and Edythe Smith of Canal Point as host postmasters.

Mrs. Katherine Kirk, postmaster of Goodland, Florida, and president of District 4 presided at the business session. Curtis Hale, acting postmaster of Hollywood, gave the invocation. Mrs. Rosa Nash of Belle Glade acted as Master of Ceremonies and introduced Lake Lytal County Commissioner of District 2, who gave a very warm welcome to the postmasters and their guests to this section of Florida. Ted Booth, state vice president from Cocoa, introduced the guest speaker, Congressman Paul Rogers, Congress-

Shack's Cafe Burns In Early A. M. Blaze

Shack's Cafe located in the heart of Canal Point just south of the West Palm Beach canal was demolished by a fire that struck at 1 a. m. Thursday. The cafe was closed by the operator around midnight. Determination was not made as to the cause of the blaze but it is thought that defective wiring may have caused it. All equipment in the building was ruined. The building is the property of S. D. Morris of West Palm Beach.

Woman's Club Show Scheduled Dec. 8th

The Pahokee Womens Club luncheon held Wednesday, Nov. 15 in the Club Building was presided over by the president, Mrs. B. R. Mosley.

Mrs. A. R. Chastain, who is a member of the club, presented a very interesting program of numerous ideas for holiday flower arrangements and gave demonstrations on making arrangements for Thanksgiving and Christmas.

The Thanksgiving Devotional and thoughts were given by Mrs. R. F. Hurt. Mrs. Lois Mullis, Cancer Chairman, urged all the members to be 100 percent PAP Cancer smear. She also distributed leaflets to the members on this subject.

Mrs. Stringari announced that the club house will be open Dec. 8, from 4 to 10:00 p. m. The show will be free.

Mrs. Lester Hand, Mrs. Julian Branch, Mrs. Thomas O'Steen, Mrs. J. V. Chastain, and Mrs. Jess Elliott were guests.

HOME FOR THANKSGIVING

Mr. and Mrs. L. L. Shirley of Pahokee have as their house guests through the Thanksgiving Holidays, their son and family, Mr. and Mrs. Bob Shirley and young son Bobby of Ft. Meade; their son-in-law and daughter Mr. and Mrs. Richard Thierry and son Paul of Daytona Beach. Guests for Thanksgiving dinner included their other son and family, Mr. and Mrs. Jimmy Shirley and children of Pahokee.

Mrs. Donna Mae Shields of Waukegan is the guest of her sister, Mrs. E. F. McElwain and her husband, Mrs. McElwain of Beacon Point Road in Pahokee.

Before a record crowd on the Belle Glade athletic field, the Golden Rams defeated the Pahokee Blue Devils in their annual Turkey eve battle to the tune of 13 to 0. The half ended with the Rams leading the Devils by a score of 5 to 0. Late in the final quarter the Rams racked up another tally and brought their total to 13 while the Devils earned the goose egg.

It was the Golden Rams' fifth victory overall; they have won four and tied one, Pahokee is now 5-3 in the conference and 7-3 overall.

By defeating the Blue Devils the Rams were entitled to retain the Bill Young Trophy that goes to the winner of the annual gridiron classic.

In another game of interest the Delray Beach Seahawks defeated the Lake Worth Trojans Wednesday evening by a score of 7 to 0. The Seahawks clinched the Suncoast Conference title with this win over Lake Worth. A month ago Seacrest was all but counted out of the Suncoast race.

Okeechobee's fast-breaking Brahmas scored every quarter — two of their touchdowns coming on one-play strikes of 85 and 95 yards — and downed non-conference rival Stuart, 24-7, Wednesday night.

Poultry Exhibit By 4-H Held Nov. 18

The Palm Beach County 4-H Club Poultry Exhibit was held Nov. 18 in the Mounts Educational Building in West Palm Beach. This part of the 4-H Program is sponsored by Sears Roebuck.

Four of the eight entrées were from the Canal Point 4-H Club. Blue ribbon winners were: Janette Harrington, first prize; Dicky Strayer second prize and Nancy Harrington third prize. Fourth prize and a red ribbon was won by Eldridge Kinsaul.

The club members receive day-old chicks from Sears Roebuck Stores and when they are six or seven months old they are entered on their first exhibit. The prizes are given on the quality of the birds and the member record books. Bill Echler, of Delray former 4-H Club member, now a student at Palm Beach Junior College, assisted in the poultry judging. Mr. Clark of Sears Roebuck assisted in the judging along with Assistant County Agent, Raleigh Griffith, who was in charge of the show.

Each winner will receive cash awards from Sears Roebuck.

Toy Selection Is Really Important

JACKSONVILLE—Christmas can be a very unhappy holiday if care is not exercised in selection of toys for youngsters, the State Board of Health says.

"Christmas may come but once a year," said Claude J. Walker, in charge of the Board's accident prevention program, "but accidents can come more often—and death only once."

Toys should be larger than a youngster's fist, he said; and dull cutting edges can cause more harm than sharp ones. Chemicals should be for teen-agers; leadpainted toys should be avoided.

Toys for age groups suggested are: age 0-2: large soft balls or animals, sturdy rattles, round-cornered blocks, push and pull toys; age 2-3: hobby horse, tricycle, picture book, crayons; age 3-4: furniture toy garden or sand tools, drum, costume, blocks; age 4-6: construction sets, paints, crayons, paper cut-outs, scooters, housekeeping toys, blackboards; age 6-8: toy tools, skates, animated electrical toys with underwriters approval, puzzles, games; age 8 and up: hobby equipment, musical instruments, sports equipment, trains, bicycles, science sets.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{2}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

Phosphate Dust Being Eliminated

BREWSTER—A half-million-dollar installation has almost completely eliminated air-borne phosphate dust at American Cyanamid Company's plant, here. Arthur Crago, Cyanamid manager of phosphate operations, has announced that twin electrostatic precipitators, put into operation this month, are capturing 85 percent of the dust which was formerly emitted from the firm's drying plant.

Cyanamid's drying plant is equipped with four, oil-fired rotary kilns which dry the phosphate rock before shipment or further processing. Prior to the new installation, dust was carried out the stacks with the hot gases resulting from the process.

Mr. Crago termed the new equipment another major step in Cyanamid's five-year-old pollution monitoring and control program at Brewster. He said the firm has now spent more than two million dollars on the program, designed to protect the plant's neighbors from air and water-borne pollutants.

State Nurseries Under Inspection

TALLAHASSEE—The business of growing plants in Florida continued to boom during the fiscal year of 1960-61 with at least, 5,513 nurseries engaged in that activity. That was the total number of nurseries under inspection by the Division of Plant Industry during that period, according to the Division's annual report submitted today to Department of Agriculture Commissioner Doyle Conner.

This represented an increase of 1.3 percent over the 5,417 nurseries registered with the Division a year earlier.

Forest tree farms were responsible for marked differences in other totals which indicated a boost to 12,195 acres in nursery plantings despite an appreciable dip in the number of plants inspected. The acreage figure was due to the planting in Dade County of 1,526 acres in a single nursery devoted to the production of Australian pine seedlings. On the other hand, the closing of two other forest tree nurseries lopped 28,700,000 plants off the rolls, contributing heavily to the drop in non-citrus stock from 410,404,596 plants to 377,925,439 for the 1960-61 year.

Citrus stock and acreage figures moved upward. The count for stock edged from 29,062,022 plants a year ago to 29,206,452, while the total of 3,889 producing acres exceeded the 3,446 acres listed for 1959-60. In the non-citrus category, the acreage increase rocketed from 6,299 acres in 1959-60 to 8,306, with the Dade County pine nursery providing the impetus. Incidentally, pine seedlings accounted for 54 percent of the total non-citrus plants under regular inspection by the Division. The most recent tabulation shows 256 acres and 205,749,300 plants in pine seedlings as compared with 274 acres and 229,958,775 plants a year earlier.

Commissioner Conner said that 11,120 plants were checked for the first time in 1960-61 under post-entry quarantine regulations that require close inspection for two years of all plants brought into the state from foreign countries. These plants came from 26 countries and required 236 inspections by Division personnel.

In another phase of inspection, the Division checked 275,319,135 tomato plants destined for out-of-state movement as compared with 86,332,445 examined a year before. The work increased also in the inspection of tobacco plants, zipping upward from 210,894,000 plants in 1959-60 to 402,830,000 in the latest report.

Shipments of certified citrus to California reached 220,289 boxes, boost over the 182,893 boxes moved in 1959-60. The export shipments to foreign countries rose from 190,568 boxes to 274,209 the last fiscal year.

The increase was slight in cucumber and squash shipments to California—76,989 to 77,607 boxes.

Most of the citrus nursery stock inspected was accounted for by 18,150,164 citrus seedlings and 10,770,598 orange plants.

Additionally, the inspection of 22,178 acres resulted in the certification of 1,118,220,050 bulbs and plants not included in the nursery stock inspection figures.

Palm Beach County has 702 nurseries.

Survey For New Traffic Light

The Palm Beach County Commission will ask the State Road Department to survey the intersection of State Road 15 and Airport Road in Belle Glade with a view toward installation of a traffic signal at that point.

Tax Collections By U. S. Is Up In Florida

Federal tax collections in Florida are setting a faster growth pace than is personal income received by Floridians, the Florida State Chamber of Commerce pointed out yesterday.

"In 1960, the federal tax total collected in the state was almost four times the 1950 figure while personal income was close to three times greater in 1960 than in 1950."

"A comparison of the 1959 and the 1960 figures accentuates this trend. Collections of all federal internal revenue amounted to \$1,399,000,000 during the calendar year 1960, a 13 per cent gain over the previous year. Personal income amounted to \$9,938,000,000, in 1960, an increase of 6 per cent. A breakdown of the tax total shows \$1,022,000,000 in individual income taxes paid by Floridians, up 15 per cent; \$241 million in corporate taxes, up 4 percent; and \$138 million in other types of internal revenue, a gain of 15 per cent."

"Although a comparable breakdown of personal income is not available, some detail is provided in official reports. Wages and salaries paid to Floridians made up \$6,008,000,000 of the total personal income last year registering a 1 per cent gain over 1959."

"Property income (rents, dividends, etc.) amounted to \$1,673,000,000, also up 7 per cent, as was \$818 million in income from miscellaneous sources."

"Not so fortunate was the total income received by proprietors of all types in Florida. The total for this group came to \$1,439,000,000, slightly below 1959."

Home Investments Up In Florida

MIAMI — Indications are that Floridians are in the vanguard of developing a nationwide trend of "hedging" against inflation by investing their money in homes.

Potential homeowners realize that heavy government spending may bring some price inflation and now is the time to invest in property, says Arthur B. Boazman, president of the Florida Association of Realtors.

Boazman, who also heads The Keyes Co., major Florida real estate firm, cited the sale of existing home in the past two months New FHA regulations and lower interest rates have resulted in a definite increase in the number of applications for FHA-insured mortgages.

While the selling price of homes is generally slightly lower than they were last year, Boazman noted, there are indications that the price trend is leveling off.

Christian Science Group Of Canal Point

A challenging call to overcome evil, no matter how subtle, with the power of God will be heard Sunday at Christian Science church services.
 "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" is the subject of the Lesson-Sermon. Readings from the Bible will include, this verse from Revelation (21): "He that overcometh shall inherit all things; and I will be his God, and he shall be my son."
 A correlative citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 571): "At all times and under all circumstances, overcome evil with good."
 The Golden Text is from I John: "Whosoever is born of God overcometh the world; and this is the victory that overcometh the world, even our faith."

THAT'S A BIG BLUE FISH
 Ernest Maxwell of Pahokee went blue fishing Monday night over near Salerno, and was the envy of all the other fishermen when he landed a fourteen pound blue fish. It is understood he has entered his catch in a contest on the coast.

Betty Lundquist Weds Woody Strayer

Miss Betty Lundquist, daughter of O. W. Lundquist of Arcadia, and the late Mrs. Lundquist, and Woodrow Strayer, son of Mr. and Mrs. J. H. Strayer of Canal Point, were married Saturday Nov. 18, in the Canal Point Baptist Pastorium.

Rev. Charles D. Stewart, pastor, officiated in the double ring ceremony in the presence of a few close friends and members of the families.

The bride was lovely in a white lace ballerina length gown, fashioned in a fitted bodice and bodice attached to a bouffant skirt, with pink accessories and a purple orchid corsage.

Mrs. N. Kiss of Pahokee and Richard Darney, NASN of Jacksonville, attended the bridal couple.

Following a weekend honeymoon on the Coast, the couple are at home in Pahokee.

Out-of-town guests here for the wedding were: Mrs. Don McKinnon, sister of the groom and Miss Sadie Wilson, both of Miami.

Ray Ford, son of Mr. and Mrs. J. O. Ford of Canal Point, arrived home Wednesday afternoon from Forest Lake Academy for a holiday visit with his parents.

Postmasters Hold —

(continued from page 1)
man Rogers spoke of the impact of the new sugar boom in the Glades area. C. M. Cade, field service officer from Miami, was the guest speaker from the Post Office Department.

Attractive and unusual table decorations representative of the Glades area were supplied by the host postmasters. Fresh corn and green beans were on the menu Sunday as they were carried in from this area and cooked by the chef especially for the postmasters' luncheon. Favors of miniature packages of raw sugar and packages of radishes were presented to all the guests. A lovely smorgasbord luncheon was served to about fifty persons attending the meeting.

The next meeting will be held in the spring in Lehigh Acres near Fort Myers.

Pike Extension Is Argued In Court

TALLAHASSEE — The State Supreme Court has been asked for a rehearing and reversal of its Nov. 2 decision validating \$160 million in bonds for extension of the Sunshine Parkway turnpike.

Members of the State Cabinet have also been asked to take a stand against the project on the ground construction of badly needed state and federal freeways must be delayed to make the extension feasible.

Beverly Grizzard of Leesburg, leader of a group of Lake County citizens fighting the 154-mile toll road extension, was behind both actions.

While the Supreme Court took no immediate action on the motion filed, Grizzard sent telegrams to Secretary of State Tom Adams, Atty. Gen. Richard Ervin, School Supt. Thomas Bailey, Comptroller Ray Green, Treasurer J. Edwin Larson and Agricultural Commissioner Doyle Conner pointing to the "dangers" of the project and asking their "comments and assurances".

Grizzard contended the extension would indefinitely delay Interstate 95 and the four-laning of U. S. 27 south of Leesburg.

Mary-Martha Circle In Monday Meeting

The Mary-Martha Circle of the W. S. C. S. of the First Methodist Church of Pahokee met Monday with Mrs. Louis Davis as hostess and with Mrs. R. B. Simonson, Chairman, presiding.

Mrs. Jess Elliott gave the devotional, followed by the program on "Household of God." An announcement was made that the General Meeting will be held at the Church on the first Monday evening of December. Mrs. Robert Hatton, program chairman, announced the program of Christmas music to be presented by the Vesper Choir is under the direction of Mrs. Lester Hatton.

The December circle will be held at the home of Mrs. Bill Plummer. Refreshments were served by the hostess to twelve members and two guests, Mrs. George Gann of Pahokee and Mrs. Elmer Maxson of Canal Point.

Schooly Speaks To Canal Pt. Lions

Sam Schooly, County Office Manager for the Palm Beach Agricultural Stabilization Conservation Committee, U. S. Dept. of Agriculture, was the guest speaker at the local Lions Club Monday evening. He was introduced by the program chairman, A. R. Harrington.

J. G. Weeks, President, presided over the meeting. Abner Vann, Deputy District Governor and the president of the Clewiston Lions Club both of Clewiston, were guests at this meeting.

Nearly 11 Million Visit Thus Far '61

TALLAHASSEE — Nearly 10.6 million tourists came to Florida the first nine months of 1961, says the Florida Development Commission.

This is almost as many as the state attracted during the entire 12 months of 1960, a Commission spokesman said, and only 1.4 million short of our goal of a record 12 million this year with three months still to go.

Florida hosted 10.8 million visitors last year, a drop of half a million from 1959's record 11.3 million. At the half-year mark of 1961, Florida had gained half a million over the corresponding period in 1960.

The third quarter report showed 4.6 million out-of-staters came to Florida during July, August and September, only 1.4 million fewer than came during the previous six months.

Bulk of the visitors came by car with 1.76 million in July and 1.69 million in August. Half a million drove to Florida in September.
